Instead of making a lot of changes with cancellations and amendments, I have withdrawn and completely rewritten the Background of the Invention, Detailed Description of the Invention, and Claim or Claims. I also have added Amendments to Drawing Figures sheet, for the changes that were made in the drawings.

I marked the changes that I made in the Amendments to the Specifications, and have added a new Supplemental Amendments to the Specification sheet.

I'm sending a complete set of specifications with the new amendment sheets.

I hope I have corrected everything to your satisfaction.

PS.

Thanks for your help and patience.

Sincerely.

Robert Belford
